Placement

Placement is defined as the opening and closing of a gravesite. Placement fees at cemeteries may include 50 or more separate services. At Seven Stones Chatfield, the opening and closing fee includes:

1. Administration and permanent record keeping (determining ownership, obtaining permission and the completion of other documentation which may be required, entering the interment particulars in the interment register, maintaining all legal files);
2. Locating the interment space and laying out the boundaries, excavating and filling the space after placement;
3. Installation and removal of the lowering device (leveling, tamping, re-grading and sodding the space and leveling and re-sodding, if the earth settles).
4. Viewing of the Placement is permitted without any formal Committal Service.

Note: The Placement fee does not include the Committal Service.

Committal Service – Facility Use Fees

A Committal Service typically succeeds or replaces a funeral and may be as simple or elaborate as desired by the family. At Seven Stones Chatfield, we encourage families to personalize and make the Committal Service a meaningful Celebration of Life. The Service could be a short ritual that involves honoring and remembering the life of the one who passed away by means of prayers, scripture readings, stories, poetry, and songs or it could be an extended celebration including a meal.

At Seven Stones Chatfield, we have designed a beautiful Committal Shelter, centrally located, for use by our families, as well as, an Even Space for catered receptions. Regardless of the type of funeral that has preceded, whether a quick cremation ceremony or one that lasted for hours, a Committal Service is important because it gives people closure and the opportunity to eulogize the deceased.

We work with each family to develop a Committal Service that fits their unique desires and needs.

Note: We offer a range of Committal Service packages plus outside vendor coordination.
